Questions by Love Babbar.

Youtube Channel: https://www.voutube.com/channel/UCQHLxxBFrbfdrk1jF0moTpw

Array	<u>Problem:</u>	Done ives or nol
	Reverse the array	
Array	Find the maximum and minimum element in an array	↔
Array	Find the "Kth" max and min element of an array	↔
Array	Given an array which consists of only 0. 1 and 2. Sort the array without using any sorting algo	↔
Array	Move all the negative elements to one side of the array. Find the Union and Intersection of the two sorted arrays.	⇔
Array Array	Write a program to cyclically rotate an array by one.	•
Array	find Largest sum contiguous Subarray [V. IMP]	
Array	Minimise the maximum difference between heights [V.IMP]	↔
Array	Minimum no. of Jumps to reach end of an array	↔
Array	find duplicate in an array of N+1 Integers	↔
Array	Merge 2 sorted arrays without using Extra space.	↔
Array	Kadane's Algo [V.V.V.V IMP]	↔
Array	Merge Intervals	↔
Array	Next Permutation Count Inversion	↔
Array Array	Best time to buy and Sell stock	⇔
Array	find all pairs on integer array whose sum is equal to given number	⇔
Array	find common elements in 3 sorted arrays	↔
Array	Rearrange the array in alternating positive and negative items with O(1) extra space	⇔
Array	Find if there is any subarray with sum equal to 0	↔
Array	Find factorial of a large number	⇔
Array	find maximum product subarray	↔
Array	Find longest coinsecutive subsequence	↔
Array	Given an array of size n and a number k, fin all elements that appear more than " n/k " times.	↔
Array	Maximum profit by buying and selling a share atmost twice Find whether an array is a subset of another array	↔
Array Array	Find the triplet that sum to a given value	⇔
Array	Trapping Rain water problem	
Array	Chocolate Distribution problem	↔
Array	Smallest Subarray with sum greater than a given value	↔
Array	Three way partitioning of an array around a given value	<->
Аггау	Minimum swaps required bring elements less equal K together	↔
Array	Minimum no. of operations required to make an array palindrome	↔
Array	Median of 2 sorted arrays of equal size	↔
Array	Median of 2 sorted arrays of different size	↔
		↔
Matrix	Spiral traversal on a Matrix	⇔
vatrix	Search an element in a matriix	<->
Vatrix	Find median in a row wise sorted matrix	⇔
Vatrix	Find row with maximum no. of 1's	↔
Vatrix	Print elements in sorted order using row-column wise sorted matrix	↔
Vatrix	Maximum size rectangle	⇔
Vatrix	Find a specific pair in matrix	↔
Matrix Matrix	Rotate matrix by 90 degrees Kth smallest element in a row-coumn wise sorted matrix	⇔
viatrix Vlatrix	Common elements in all rows of a given matrix	∞ ⇔
· · ·		
String	Reverse a String	↔
String	Check whether a String is Palindrome or not	↔
String	Find Duplicate characters in a string	↔
String	Why strings are immutable in Java?	<->
	Write a Code to check whether one string is a rotation of another	
String	Write a Program to check whether a string is a valid shuffle of two strings or not	↔
String	Write a Program to check whether a string is a valid shuffle of two strings or not Count and Say problem	⇔ ↔ ↔
-	Write a Program to check whether a string is a valid shuffle of two strings or not Count and Sav problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring.	
String String	Count and Say problem	↔
String String String	Count and Say problem Write a program to find the longest Palindrome in a string, Longest palindromic Substring	⇔ ⇔
String String String String String String	Count and Say problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all the permutations of the given string	⇔ ⇔
String String String String String String String	Count and Sav problem Write a program to find the longest Palindrome in a string. I Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all the permutations of the given string Split the Binary string into two substring with equal 0's and 1's	& & & &
String String String String String String String String	Count and Sav problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all the permutations of the given string Split the Binary string into two substring with equal 0's and 1's Word Wrap Problem IVERY IMP).	
String String String String String String String String String	Count and Sav problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all the permutations of the given string Solit the Binary string into two substring with equal 0's and 1's Word Wrap Problem IVERY IMPL. EDIT Distance IVery Impl	8 9 9 8 9 9
String String String String String String String String String	Count and Sav problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all the permutations of the given string Split the Binary string into two substring with equal 0's and 1's Word Wrap Problem IVERY IMP). EDIT Distance [Very Imp] Find next greater number with same set of digits, IVery Very IMP]	& & & & & & & & &
String String String String String String String String String String String	Count and Sav problem Write a program to find the longest Palindrome in a string. Longest palindromic Substring Find Longest Recurring Subsequence in String Print all Subsequences of a string. Print all Subsequences of a string. Print all the permutations of the given string Split the Binary string into two substring with equal 0's and 1's Word Wrap Problem [VERY IMP]. EDIT Distance [Very Imp] Find next greater number with same set of digits. [Very Very IMP] Balanced Parenthesis problem.[Imp]	8 9 9 9 9 9
String	Count and Sav problem Write a program to find the longest Palindrome in a string. String	Minimum characters to be added at front to make string palindrome	<⇒
String	Given a sequence of words, print all anagrams together	⇔
String	Find the smallest window in a string containing all characters of another string	↔
String	Recursively remove all adjacent duplicates	↔
String	String matching where one string contains wildcard characters	⇔
String	Function to find Number of customers who could not get a computer	↔
String String	<u>Transform One String to Another using Minimum Number of Given Operation</u> Check if two given strings are isomorphic to each other	∞
String	Recursively print all sentences that can be formed from list of word lists	↔
•		
Searching & Sorting	Find first and last positions of an element in a sorted array.	<∞
Searching & Sorting	Find a Fixed Point (Value equal to index) in a given array	↔
Searching & Sorting	Search in a rotated sorted array	↔
Searching & Sorting	square root of an integer	↔
Searching & Sorting	Maximum and minimum of an array using minimum number of comparisons	↔
Searching & Sorting Searching & Sorting	Optimum location of point to minimize total distance Find the repeating and the missing	⇔
Searching & Sorting	find majority element	
Searching & Sorting	Searching in an array where adjacent differ by at most k	⇔
Searching & Sorting	find a pair with a given difference	↔
Searching & Sorting	find four elements that sum to a given value	↔
Searching & Sorting	maximum sum such that no 2 elements are adjacent	↔
Searching & Sorting Searching & Sorting	Count triplet with sum smaller than a given value merge 2 sorted arrays	∞
Searching & Sorting	print all subarravs with 0 sum	
Searching & Sorting	Product array Puzzle	↔
Searching & Sorting	Sort array according to count of set bits	↔
Searching & Sorting	minimum no. of swaps required to sort the array	↔
Searching & Sorting	Bishu and Soldiers Rasta and Kheshtak	
Searching & Sorting Searching & Sorting	Kth smallest number again	↔
Searching & Sorting	Find pivot element in a sorted array	↔
Searching & Sorting	K-th Element of Two Sorted Arrays	↔
Searching & Sorting	<u>Agaressive cows</u>	↔
Searching & Sorting	Book Allocation Problem	↔
Searching & Sorting Searching & Sorting	EKOSPOJ: Job Schedulina Alao	∞
Searching & Sorting	Missing Number in AP	
Searching & Sorting	Smallest number with atleastn trailing zeroes infactorial	↔
Searching & Sorting	Painters Partition Problem:	↔
Searching & Sorting	ROTI-Prata SPOJ	↔
Searching & Sorting	DoubleHelix SPOJ	↔
Searching & Sorting Searching & Sorting	Subset Sums Find the inversion count	⇔
Searching & Sorting	Implement Merge-sort in-place	↔
Searching & Sorting	Partitioning and Sorting Arrays with Many Repeated Entries	<→
LinkedList	Write a Program to reverse the Linked List. (Both Iterative and recursive)	⇔
LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Very Imp]	⇔
LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Very Imp] Write a program to Detect loop in a linked list.	
LinkedList LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Verv Imp] Write a program to Detect loop in a linked list. Write a program to Delete loop in a linked list.	& &
LinkedList LinkedList LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Very Imp] Write a program to Detect loop in a linked list. Write a program to Delete loop in a linked list. Find the starting point of the loop.	⇔ ⇔
LinkedList LinkedList LinkedList LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Very Imp] Write a program to Detect loop in a linked list. Write a program to Delete loop in a linked list. Find the starting point of the loop. Remove Duplicates in a sorted Linked List.	& &
LinkedList LinkedList LinkedList LinkedList	Reverse a Linked List in group of Given Size. [Very Imp] Write a program to Detect loop in a linked list. Write a program to Delete loop in a linked list. Find the starting point of the loop.
